The Magic of Teaching

Keynote

Kick off the conference with the stories and pictures that remind us why teaching is full of magic. Join Donna to be reminded of all the "Ah Hah!" moments that make our jobs so important.

Speakers

Donna Whyte

Mom, Consultant, Author, TheSmartieZone

Donna Whyte is a certified teacher in New York State, an education consultant and an author. Her experience includes work in Pre K- 6 classrooms and support for struggling readers and writers at all levels. Donna has presented keynotes and workshops at the state, national and international levels. Her positive attitude, high energy, and her many practical ideas make her presentations exciting and valuable to educators. Her work includes development of administrative summits on Student Centered Classrooms and Management. Donna also works with East St. Louis public schools as a reading, classroom management and Daily 5 consultant. She works with 5 elementary buildings and a kindergarten center to assess, diagnosis and address the various needs of the students in this high-needs area. Donna has published several books including

You Can't Teach a Class You Can't Manage and The More Ways you Teach, the More Children you Reach and the second editions of Morning Meeting ~ Afternoon Wrap Up and The Writing Teacher's Coaching Tool. She is also the author of twelve activity CDs to assist teachers in aligning engaging activities for students that allow them to learn at higher levels, while encouraging students to take responsibility for their behavior and learning. Recently, Donna has created the Reading Aptitude Continuum assessment that allows teachers to quickly diagnosis the needs of struggling readers.

Classroom Organization

■ General Session

Intentional planning of the instructional space are just as important as your teaching practices. This session will provide details of look fors and the whys behind those decisions in the classroom space that create optimal conditions for learning. It's about more than cute posters that help create the magic of learning - it's about setting up a space designed to help learning blossom in it. Join us to learn more!

Speakers

Tracee Wells

Tracee is a certified Classroom Management and Organization Program (COMP) trainer for the state of Illinois. She believes all teachers can create ideal conditions for learning in their classrooms with intentional efforts toward student success. Wells is currently the AVID District Director in School District 189 and is also the Mentor Resident Leader for the new Urban Education Teacher Residency Program in East St. Louis where she is responsible for coaching, training, and supporting residents as they prepare to become confident, well-prepared teachers in the District.

Venue - TBA

Games that Teach

■ General Session

Build concept knowledge with kid-tested games that teach! Create daily learning opportunities that will motivate and empower children across the entire curriculum. Plus, have a great time with your students while you build skills and reinforce everyday concepts. Leave this workshop with lots of ideas for creating games that students will love. Make & Take so Bring YOUR scissors, glue sticks and colored pencils.

Guided Math Groups

General Session

Differentiate and Motivate! In this session, participants will: • Learn how to motivate students with center activities that reinforce and develop math skills • Learn how to differentiate instruction effectively • Create a math skills make and take tool kit that can be used in the classroom or as a home-to-school connection component.

Speakers

LeSaundra Blakley

Math Instructional Coach, Gordon Bush Elementary

LeSaundra is the Math Instructional Coach at Gordon Bush Elementary, where she is responsible for a full range of coaching activities. She can often be found in math classrooms modeling instructional strategies for teachers, creating standard based centers that will keep students engaged while reinforcing mathematical skills and working with small groups using both the push in and pull out models. For the past fifteen years, LeSaundra has worked tirelessly to increase student's excitement of math and ensure that learning and growth are at the top of her agenda. She works with a great team of educators who works diligently to increase student achievement through engagement. She states, "She is in love with her call to teach because it allows her to touch and influence the lives of students that are beginning their instructional journey." She has never been happier!

Venue - TBA

I'm Done with Centers...Now What?

General Session

Having trouble keeping your students busy for the full 45 minutes of center time? Does your classroom get a little rowdy and chaotic with early finishers who don't have anything to do? Katie gives you lots of ideas, tips and resources to use to keep your kids actively engaged for the entire time! Learn how to make the activities meaningful and manage them so that students don't choose the same activity every day.

Speakers

Katie Mense

Kindergarten Teacher at Wesclin, Blogger, LittleKinderWarriors

Katie has taught kindergarten for more than 15 years, and has a passion for creating fun, hands-on lessons and activities designed to meet the needs of all students. As a student who struggled through school, she truly understands that every student has different needs and learning styles. Katie has an MA in Education and also earned an additional 24 hours through a STEM grant. She loves to share her ideas and teaching experiences on her award winning blog, littlekinderwarriors.com or on social media @littlekinderwarriors
